

Adam the Great

"Comedy and close-up magician"

Comedy Magic

Biography

Adam the Great is a comedy magician who works close up, where the magic happens inches from the people watching and the laughter arrives just as reliably as the astonishment. Cards, borrowed objects and a striking bald look are all part of the routine, and his own promise is simple: to amaze guests with magic and add some laughter to their lives.

Because the work is done at close quarters rather than from a stage, it fits the moments when guests are mingling and standing in small groups, turning a scattered room into one that is watching the same thing at the same time. Professional entertainment, delivered with a comedian's timing.
