

Adrien Chauveau

"Paris close-up magician and mentalist"

Based in Paris | Close-Up Magic | Mentalism

Biography

Adrien Chauveau performs close-up magic and mentalism for companies and private clients in Paris and throughout France, drawing on twenty years of experience across 38 countries.

His close-up work unfolds directly under the spectators' eyes as he moves from group to group during a cocktail hour, while his mentalism offers prediction, thought-reading, influence and divinatory calculation. He also builds digital effects that travel back and forth between the real and the virtual, and bespoke Magic Marketing pieces that link the tricks to the message of an event. On stage, the same material reaches every guest at once, at seminars, trophy presentations and family days. Wedding couples describe magic that added a touch of wonder to the day and left their guests amazed.
