

Aiden Sinclair

"Los Angeles paranormal illusion and theatrical séances"

Based in Los Angeles | Stage Illusion | Stage Magic

Biography

Aiden Sinclair is a Los Angeles-based paranormal illusionist whose work draws on haunted history, mystery and theatrical séance traditions. His official biography connects that style with his appearance on Penn & Teller: Fool Us, while his contact page accepts enquiries for private bookings, consultations and media requests. Rather than advertising generic party tricks, Sinclair presents story-led theatrical experiences with an eerie historical atmosphere. Show information is available through his site, but no date-specific performance was exported without a fully verified future ticket listing.
