

Amazing Allison

"Mind reader featured on Penn & Teller: Fool Us"

Mentalism

Biography

Amazing Allison is the stage name used by a mind-reading performer on Penn & Teller: Fool Us. The official CW Network video confirms the billed name and the performance itself, which is sufficient for a basic FindMagic profile linked to the show. This research pass did not locate a reliable full legal or professional name, performer-owned website, current social account, booking channel, home base or evidence of ongoing appearances. Those fields should remain unknown rather than being filled from similarly named entertainers.
