

Andy Deemer

"Award-winning Magic Castle and Fool Us magician"

Close-Up Magic | Stage Magic

Biography

Andy Deemer is an internationally awarded magician whose performer-controlled link hub highlights appearances at the Magic Castle and on Penn & Teller: Fool Us. The hub also connects to current performance videos, ticket links and a third-party bookings-and-reviews page, supporting an active career and public enquiry route. The available first-party material does not clearly state a home base, booking email or precise event formats. FindMagic can publish a verified television-led profile while leaving those operational details unresolved.
