Animation Rêve Magique

"Montréal family magic and opera troupe"

Based in Montréal | Close-Up Magic | Kids & Family | Mentalism | Stage Magic

Biography

Animation Rêve Magique pairs professional magician Patrick Poudrier with la Fée Zelia, whose golden voice carries a colourful magic show designed for children aged 3 to 11. Music, humour, amusing trained animals and a trick taught during the performance fill the show; for parties at home the pair install a small castle set, then finish with professional balloon sculptures - Frozen, Spider-Man, Flash McQueen, Ariel, animals, flowers and hats.

The troupe now has a permanent base at Théâtre La Comédie de Montréal, presenting two shows open to the public once a month: Leviosa, interactive magic for children, and Prestige, an opera-and-magic evening for adults. Corporate receptions and events are part of the repertoire too, with soprano Myriam Herman, and the company travels anywhere in Québec.
