

B.S. Reddy

"Andhra Pradesh illusionist seen on Fool Us"

Stage Illusion

Biography

B. S. Reddy is an Indian illusionist from Andhra Pradesh whose appearance on Penn & Teller: Fool Us establishes a verified public performance identity. An Indian specialist directory independently lists the same name and region, while later institutional event references indicate continued recognition as a magician. Research did not locate a reliable performer-owned website, current booking channel, exact city, public schedule or detailed service menu. FindMagic can publish a restrained television-based profile and keep those operational fields visibly unresolved.
