

Ben Travelyn

"Jimmy Fallon opener, Boston magician"

Based in Boston | Corporate Events

Biography

Ben Travelyn is a Rhode Island and Boston based magician whose highly interactive style has taken him as far as the Tonight Show, where he had the opportunity to open for Jimmy Fallon and perform backstage.

His mingling magic is built for cocktail hours, galas and banquets: Ben moves through the room bringing the magic directly to each group of guests, so no two interactions are the same and every guest walks away with their own story to tell. For a full evening, that pairs with a stage show jam packed with fun, jokes and visual magic for rooms from 50 to 500. Celebrating over 15 years of magic, he has performed at hundreds of corporate functions, weddings, conferences and VIP private parties.
