

Benoît

"Paris close-up magician and mentalist"

Based in Boulogne-Billancourt | Close-Up Magic | Mentalism

Biography

A close-up magician and mentalist working in Paris, Benoît brings more than 25 years of experience to tables and cocktail hours. His mentalism is the subtle art of appearing to read thoughts and predict actions with unsettling precision, mixing mystery, suspense and intimate interaction just inches from the guests.

An engineering background shapes the way he builds his material: routines made to measure for a company, its message and its products, which suits technology sectors and innovative launches particularly well. At weddings, effects can be personalised around the couple's own story and performed for guests seated at table or gathered in small groups over cocktails. For private celebrations he moves among the guests. He works in Paris, London and Geneva.
