Biography

Award-winning magician Big Joey - Joseph Anthony Di Pietro - delivers interactive magic and mentalism, bringing larger than life entertainment to audiences across Florida, with over 25 years of experience and 5,000+ customized shows performed.

His fast-paced style blends close-up magic, stand-up moments and interactive comedy, with positive audience participation that keeps kids laughing while adults stay fully engaged. Rather than a one-size-fits-all performance, each show is personalized to the guest of honour's interests, favourite themes and personality, so the birthday child or featured guest feels like the true star. Background checked and Florida School Board approved, he is trusted by families, cities and corporate clients including Fortune 500 companies, and suits corporate events, conferences, VIP experiences, birthdays, schools and community celebrations.
