

Brent Cairns

"Comedy Magician"

Based in Edmonton | Close-Up Magic | Comedy Magic | Stage Illusion

Biography

Close-up magician Brent Cairns performs miracles with guests just inches away, moving from table or group through a cocktail hour with an act that leaves audiences amazed and laughing at the same time.

He adjusts for his audience, whether that be a table with children or an adults only table, drawing children into the magic and adding balloon animals for the youngest guests. He has performed several times at Snow Valley Ski Club for both guests and staff events, and is a familiar face at staff functions and company holiday parties, working equally well as a stage show or as roving entertainment.
