

Brett Barry

"Corporate mentalist and mind reader"

Based in Phoenix | Close-Up Magic | Mentalism

Biography

Mentalist Brett Barry appears to know exactly what a room is thinking. The Arizona Cardinals, the AZ Diamondbacks, AT&T and Microsoft have all brought him in to create unforgettable events. His mentalism is apparent mind reading with everyday props: nothing staged, no stooges or audience plants, just unexplainable things happening in real time.

Guests concentrate on a word while Brett's back is turned, project the name of a treasured first pet, or close their eyes and travel to a dream destination, imagining cold wet sand underfoot. Brett then receives and reveals. The result is collaborative rather than competitive, classy and funny, and built around the audience as the star. He researches every company he works with, so each show is customised for the group, whether on a large stage or mingling at cocktails.
