Bryan Saint

"Two-time Fool Us winner for nationwide events"

Based in Charlotte | Close-Up Magic | Mentalism | Stage Magic | Virtual Shows

Biography

Bryan Saint is a nationally recognized magician and two-time Penn & Teller: Fool Us winner. His official biography says that private events, corporate functions and weddings make up most of his professional calendar, alongside appearances at venues including the Magic Castle and House of Cards. Saint performs for clients around the United States and maintains current event, website and social links through a performer-controlled hub. The biography notes that he is originally a Charlotte magician, but that phrasing does not establish Charlotte as his present residence, so home base remains unset.
