

Chad Juros

"Inspirational illusion, comedy and audience participation"

Comedy Magic | Stage Illusion | Stage Magic

Biography

Chad Juros is an award-winning magician, entertainer and motivational speaker with more than twenty years of international performance experience. His official site presents a highly interactive blend of magic, illusion, comedy, music, juggling and audience participation, paired with an inspirational personal story. Juros offers entertainment and speaking for corporate and stage audiences and maintains a direct event-enquiry route through Captivate Entertainment. The site supports an active, bookable profile but does not clearly establish one current home city, so location should remain open rather than being inferred from appearances.

Booking, profile, and official links
