

Charlie Ross

"Sleight-of-hand magician for corporate events"

Close-Up Magic | Stage Magic

Biography

Charlie Ross performs close-up sleight of hand made for the moments when a room still needs warming up. His magic breaks the ice at networking events, and the effects tend to spark conversation that carries on long after the evening ends.

Rather than a fixed set, Charlie Ross tailors each performance to the brand and the occasion, turning an ordinary event into something guests remember. Small groups gather as he moves between them, comparing notes on what has just happened inches from their hands, and the mingling looks after itself. It is an approach suited to company parties, corporate receptions and any gathering where guests need a reason to talk to one another.
