

Christoph Kuch

"World-champion mentalism with psychology and understated humor"

Based in Nuremberg | Mentalism | Stage Magic

Biography

Christoph Kuch is a German world-champion mentalist, author and speaker whose performances combine mind reading, illusion, psychology, charm and understated humor. His official site documents more than two decades of experience, current full-length theatre tours and bookings for corporate functions, galas, exclusive private events, keynotes, seminars and coaching. Kuch also won on Penn & Teller: Fool Us and works internationally. The site describes him as a magician for Nuremberg and publishes management contacts, but that market language is not sufficient to claim a current home city.
