"Kamloops comedy magician for stages and roaming crowds"

Based in Kamloops | Close-Up Magic | Comedy Magic | Stage Magic

Biography

Clinton W. Gray is a Kamloops-based professional magician and communications specialist who offers comedy magic for corporate, stage, festival and roving audiences. His official booking site prominently features his Penn & Teller: Fool Us performance, publishes a transparent event-budget range and directs planners to email their event details. A self-authored professional profile corroborates Kamloops and links the same official domains. Gray remains actively bookable, although the public site does not expose the booking email as plain text or fully describe his travel radius beyond British Columbia-oriented work.
