*"Real-life Sherlock Holmes"*

Based in Las Vegas | Comedy Magic | Mentalism | Stage Magic

---

## Biography

Colin Cloud is a mentalist billed as "Sherlock" - a performer whose work is rooted in observation, deduction and the unsettling accuracy of a mind read out loud. His mentalism has carried him between Las Vegas, London and New York.

Cloud plays to whole rooms rather than small circles, with an act designed to captivate and astound an entire audience at once. He works either as an opening speaker who energises an event or as the featured performer who holds the room, which makes him a natural fit for conferences, corporate gatherings and private celebrations. Either way, guests come away having seen a performance unlike anything they have witnessed before.
