

Dave Grimm

"Sleight of hand close-up magician"

Based in Albuquerque | Close-Up Magic

Biography

A sleight of hand magician, Dave Grimm specializes in creating compelling moments of wonder, curiosity, and connection. His signature blend of magic and storytelling brings people together and leaves a lasting impression.

His close-up magic unfolds in an intimate space that is a throwback to the private Speakeasy bars during the days of Prohibition, and it works just as naturally through the cocktail hour of an event. One host called him professional, engaging, with amazing tricks that guests loved and a presence that added real value to the occasion, while Corazon Events described the act as truly just as comical as it was magical.
