

Dex

"Comedy magician for adult audiences"

Based in Centennial | Close-Up Magic | Comedy Magic | Corporate Events

Biography

Comedy magician Dex - Dennis Michael away from the stage - performs for grown-up rooms in and around Denver. The billing is refreshingly clear: this is magic for grown ups and adult audience events, where the laughs carry as much weight as the impossible moments.

Dex calls his comedy magic performances a unique experience, and they are shaped around the occasion in advance, planned with the host rather than pulled off a shelf. That flexibility makes him a natural for both social and business events: company parties, private celebrations and grown-up gatherings looking for entertainment aimed squarely at adults rather than a family audience.
