Biography

Disguido is the Italian magic-and-theatre duo of Guido Marini and Isabella Raponi Zanivan. Their official Oltre la Scena page describes an award-winning combination of illusion, visual comedy, choreography and cine-magic, including Chapeau Cinema, which reshapes a felt ring into characters from classic films. The act has appeared at FISM events, international festivals, Italian television and Penn & Teller: Fool Us, with recent 2024 broadcasts supporting active status. Oltre la Scena produces performances for theatres, companies, galas, weddings and public or private events in Italy and abroad.
