

Dominique Duvivier

"Magician, creator and podcast host"

Based in Paris | Close-Up Magic

Biography

Magic is not simply a job for Dominique Duvivier but the air he breathes: as he describes it, everything he lives in a day is instantly redirected into a new trick, a new magical effect or a new idea for a show.

That invention reaches people in several ways: the Fast & Magic episodes, where he presents tricks he calls truly baffling; a fresh text of his own each Monday morning for readers who love sleight of hand as he does; and a podcast at its 163rd edition, recorded in video for Double Fond TV and also on Spotify. His daughter Alexandra appears beside him in a Beatles tribute portrait, a passion he owns up to happily, and friends real or virtual are invited to come to him and trade ideas.
