

El Mago Invisible

"Illusionist, Teatro Olympia Valencia"

Stage Magic

Biography

El Mago Invisible is an illusionist whose theatre show Nada Es Lo Que Parece is built around new illusions never staged before, and which drew more than 100,000 spectators across 2025.

The show plays the Teatro Olympia in Valencia from 18 to 30 August, and a new production, Tempo, follows on tour through 2026 and 2027. Both are staged illusion on a theatre scale, the kind of programme that fills an auditorium rather than a corner of a room, which makes the act a natural fit for gala evenings and large celebrations as well as its own billing.
