

Elie Magic

"Sleight-of-hand magician and content creator"

Based in Lakewood | Close-Up Magic | Corporate Events

Biography

Elie Magic has been performing since the age of four, and now blends sleight of hand with storytelling for audiences on stage and online. Mentored by world-renowned magician and 8-time Guinness World Record holder Rick Smith Jr., he has performed for thousands across the U.S., from college campuses to corporate events.

His shows work for every age in the room: one host described a set of 30 five- to seven-year-olds so captivated that he got them all involved in the show, while another called him an entertainer to both the children and the adults. Birthday parties, weddings, sold-out stage shows and college tours all sit within his range, alongside a following of over 1.7 million and 500+ million views across TikTok, YouTube and Instagram.
