

Fernando Álvarez

"Children's and family magician"

Based in Puebla | Kids & Family | Stage Magic

Biography

Fernando Álvarez is a professional magician who has spent more than a decade in the world of illusion, captivating thousands of children and families with shows full of illusion, laughter and surprises.

His performances are interactive and participative, shaped to the age of the children in the room: games, visually striking tricks and moments of laughter that pull the youngest guests into the magic and make them feel part of it. The same versatile style works for audiences of every age - birthdays, first communions, school parties and special events, fairs and festivals in a festive, welcoming atmosphere. For company gatherings he brings magic to conventions, seminars, congresses, awards nights and end-of-year parties, plus product-focused shows for trade fairs and promotional events.
