

Florian

"Paris magician and mentalist"

Based in La Frette-sur-Seine | Close-Up Magic | MC / Event Host | Mentalism

Biography

Magic Flo is a magician and mentalist based in Paris, with more than 15 years spent in performance and magic. His repertoire runs from close-up and digital magic to mentalism and full stage shows, each performance built around the event itself, its values and the atmosphere the host wants to create.

From TF1 to Shangri-La, Sephora and BYD, Magic Flo is the choice of hundreds of companies and media for their most important events, working across Île-de-France, the rest of France and internationally. Seminars, company evenings, team buildings, congresses and trade shows suit the act as readily as weddings, birthdays and family gatherings. For younger audiences there is Le Laboratoire du Professeur Malice, science magic from age five, with impossible chemistry experiments and plenty of laughter.
