

Friedrich Roitzsch

"Munich close-up magic with playful technical range"

Based in Munich | Close-Up Magic

Biography

Friedrich Roitzsch is a Munich-based professional magician whose self-authored career profile records continuous independent work since 1995 and fluent performances in German, English and Spanish. A 2024 report from a regional magic organization documents a broad live repertoire including cards, coins, cups and balls, banknote magic and Rubik's Cube effects, while his 2025 Fool Us appearance confirms current international visibility. Research did not locate a dependable performer-controlled website, public booking form or direct professional email, so the profile can describe an active career without asserting general event availability.
