

Fritz "with a Z"

"Close-up and stage magician"

Based in Amsterdam | Close-Up Magic | Comedy Magic | Stage Magic

Biography

Fritz "with a Z" is a magician who works without the usual apparatus of a show: no stage needed, no microphone, just magic happening at arm's length. During drinks receptions, after dinner or at a reception, he moves between the guests so the astonishment lands directly in front of their own eyes.

For larger gatherings there is a stage set as well, built to entertain a whole room at once, and from the moment Fritz "with a Z" appears the mix of disbelief and laughter takes over. It is magical entertainment shaped to make occasions memorable, and it suits company parties, galas, weddings and private celebrations alike.
