

Gary Goodman

"Comedy magician and mentalist"

Based in Boca Raton | Comedy Magic | Mentalism | Stage Illusion

Biography

Comedy magic and mentalism sit side by side in Gary Goodman's work, where mini-miracles arrive directly in front of guests while they are mingling or seated at their tables. His close-up work pairs clean humour with interactive illusions that happen inches away, and everyone goes home with an up-close WOW memory.

With thousands of performances to his credit, Gary has become a crowd favourite at corporate and private events of virtually any size, and organizers often combine his cocktail-hour close-up magic with a full show after dinner. He has entertained each year at the Chris Evert Pro-Celebrity Tennis Classic, and the Raleigh Regional Association of REALTORS credited his clean humour and mesmerizing tricks with elevating their event.
