

Gil Cázares

"Morelia close-up magician"

Based in Morelia | Close-Up Magic | Stage Illusion | Stage Magic

Biography

Gil Cázares specialises in close-up magic, an art he has presented at private events, bars, restaurants and on television. His aim is to surprise, move and turn ordinary moments into unforgettable experiences, and the closeness of the work is what makes it different: guests watch from any angle, touch the objects and take part directly in the mystery.

At a distance of only a few centimetres, cards come alive, objects defy logic and the impossible happens in full view - magic that is not only seen but felt in the spectator's own hands. Based in Morelia, Michoacán, he performs for social gatherings, restaurants and corporate events, where his table-by-table approach reaches every guest in the room.
