

Greg Rovini

"Modern magician and mentalist"

Mentalism

Biography

Greg Rovini performs sleek, custom, modern magic designed for today's audiences - fast, visual work that runs from live illusions with everyday objects to seemingly impossible mind-reading moments that leave guests questioning how it could be real.

Light, witty, and natural humor keeps the energy relaxed, while personalized mentalism unfolds right in the minds of the guests, drawing the room together rather than simply showing it a trick. The show has been described as interactive, humorous and of course jaw dropping. Tailored magic, mentalism, and illusions with a modern touch suit social, corporate, and other elegant private events, with every moment shaped around the personalities, ages and interests of the people in the room.
