

Hank Morfin

"Close-up and stage magician, event MC"

Based in Martinez | Close-Up Magic | Comedy Magic | Parlour Magic

Biography

Hank Morfin of Morfin Magic works both close-up and on stage, and in either setting the aim is the same: everyone in the room feels like part of the show. Plenty of volunteers, magic that happens in the guests' own hands, and a mix of laughter and amazement that ties a whole room together.

Strolling close-up magic gets guests mingling and builds an upbeat, high-energy buzz, while the stand-up stage show gathers everyone for one shared moment of astonishment. Hank also hosts as MC, keeping a fundraiser or other large evening running smoothly from one segment to the next. The entertainment is tailored to the occasion, whether that is a company party, a charity gala or a private celebration.
