

Hernán Maccagno

"Award-winning close-up magician"

Close-Up Magic | Stage Magic

Biography

Hernán Maccagno is an Argentine magician, creator and teacher with a repertoire spanning close-up card magic, coin work, 360-degree performance and theatrical stage pieces. His official site presents multiple original shows, creator products, an online school and workshops, including instruction for the Quimera Box routine that won his 2025 Fool Us trophy. Maccagno has lectured internationally since 2004 and directs the Magiemos school and club. Direct performer emails support show, teaching and product enquiries. Research establishes his Argentine professional context but not a dependable current home city.
