

Horret Wu

"Taiwanese world-champion card magic with bold creative framing"

Close-Up Magic

Biography

Horret Wu, written in Chinese, is a Taiwanese close-up magician, lecturer and creator known for technically demanding card work and a signature jumbo-card act. A 2025 4F convention biography records his FISM world title, performances in more than fifteen countries, Magic Castle appearances and two Fool Us performances. Taiwan's national magic convention also named him a 2025 competition juror and gala performer, confirming current professional activity. The evidence supports an active international convention profile, but research did not find a dependable performer-owned website, direct booking contact or verified current home city.
