

Hypno Hijinx

"Phoenix stage hypnotists and keynote speakers"

Based in Phoenix | Comedy Magic | Corporate Events | Mentalism

Biography

Hypno Hijinx is the stage act of Mr. & Mrs. Hypnosis delivering a blend of stage hypnosis, music, mentalism, humor and audience participation alongside professional keynote speaking. Dr. William Deihl is a third-generation hypnotist, bestselling author and founder of Doc Hypnosis Wellness Center in Phoenix; Dr. Jennifer Couldry is a classically trained operatic soprano, certified hypnotherapist and founder of Soul Echo Therapy, bringing a distinctive theatrical energy to every appearance.

Audience volunteers drive the fun, and every performance is adapted to the event, audience, venue and theme, whether that calls for a high-energy show or an engaging keynote. The pair also host Hypno Life, a live radio show and podcast. They suit corporate events, conferences, colleges, theaters, private parties and special celebrations in Phoenix, throughout Arizona and nationwide.
