"Dynamo-style Birmingham close-up magician"

Based in Birmingham | Close-Up Magic | Corporate Events | Mentalism

Biography

Mark Barber performs as iNFiNiTi, a Birmingham close-up magician whose ultra-visual, modern-day magic uses everyday objects: bent coins, disappearing iPhones, impossible predictions and live mind-reading. The Birmingham Mail described it as magic that looks sexy - no top hat, no white gloves, and a style shaped on the streets of Rio de Janeiro.

A proud product of the British Magical Society, the UK's oldest magic club, iNFiNiTi is also Head of Product Development at Saturn Magic, where he designs best-selling effects for other magicians, and he once worked as a corporate support act for TV magician Dynamo. He performs table-to-table at black-tie dinners and on stage at Birmingham's Glee Comedy Club, and favours mix-and-mingle magic during wedding drinks receptions. Past clients include West Bromwich Albion Football Club.
