

Jason Silberman

"Top-rated magician serving NJ & NYC"

Based in New York | Close-Up Magic | Corporate Events | Mentalism

Biography

Magician and mentalist Jason Silberman blends elegant sleight-of-hand, mind-reading, sharp wit and unforgettable audience interaction. He has been featured at The Chicago Magic Lounge, Carnegie Hall, The Rainbow Room and MetLife Stadium, and has consulted on Broadway and Off-Broadway productions as well as America's Got Talent.

During cocktail hours and receptions, Jason moves from group to group, so the magic comes to the guests rather than asking them to gather around a stage: a card appearing impossibly in someone's hand, a personal mind-reading demonstration, reactions that ripple across the room. When an event calls for a centerpiece moment, his fully interactive stage show runs from 10 to 60 minutes, shaped to the audience size and venue layout. More than fifteen years in, he is a regular choice for Fortune 500 companies, upscale weddings, Bar Mitzvahs and private parties across New Jersey and New York City.
