*"Paris magician and mentalist"*

Based in Paris | Mentalism

---

## Biography

Magician and mentalist Jean-Michel Lupin builds his work around the world of the gentleman burglar created by Maurice Leblanc, mixing magic, numerology, thought-reading and predictions.

His show Sur les traces d'Arsène Lupin runs 1h15 without an interval at the Laurette Théâtre in Paris (75010). It is highly interactive and recommended from age 8, for adults and children alike. With few special effects but a consummate art of manipulation, and a touch of humour and whimsy, he leaves children open-mouthed while parents find it hard to explain the trick. Alongside the theatre run, he performs magic and mentalism shows for companies and private clients.
