"Jeff & Kimberly Bornstein specialize in Nashville Magician & Mentalist for Corporate Events."

Based in Nashville

Biography

Award-winning magicians and mentalists Jeff & Kimberly Bornstein build their work on human connection rather than gimmicks: impossible moments that happen right in their hands, and an interactive mentalism stage show that draws a whole room in.

Jeff's background spans the U.S. Army, a career as a Hollywood Stuntman and years of live performance, lending awareness and control to every piece, while Kimberly creates an immediate connection that draws people in and keeps them engaged. Their credits include a performance for the Vice President of the United States, and they work throughout Nashville and nationwide at corporate events, conferences, galas, executive retreats and awards banquets. One gala client reported that they "completely re-energized the room", leaving the team laughing, astonished and deeply connected.
