

Jesús Herrera

"Monterrey magician, Tecate Pal Norte"

Based in Monterrey | Kids & Family | Stage Magic

Biography

A proud regiomontano, Jesús Herrera has spent eight years in magic, with more than 3,000 events performed and over 400 companies among his clients. He has appeared on the most important stages in Monterrey, including La Arena de Mty before crowds of more than 7,000 people, and taken his show to the Tecate Pal Norte festival in 2022 and 2023.

His magic runs on humour and participation: audiences describe tricks built around their own objects, comedy that leaves them laughing to tears, and the feeling of being part of the show rather than watching it. He works throughout the Mexican Republic for private parties, corporate and large-scale events, television, children's, family and adult audiences, and appears regularly at Nuevo León restaurants including El Granero Grill, Gran Pastor and Mochomos Mty.
