

John-Henry

"Award-winning magician, international performer"

Close-Up Magic | Stage Magic

Biography

John-Henry Larsson performs professionally as John-Henry, a Swedish magician and variety entertainer blending original material with classical conjuring. His official site offers close-up and stage magic, juggling, mime, stilt welcoming and customized brand work for weddings, corporate parties, trade fairs and galas. He has performed internationally and for royal dinners, and his cups-and-balls routine on Fool Us drew exceptional praise from Penn and Teller. Direct phone and email contacts support active bookings throughout Sweden and abroad, while the site does not identify one dependable current home city.
