

Jordan Meller

"Rising Star award-winning Magic Castle magician"

Based in Los Angeles

Biography

Jordan Meller was the first recipient of the Rising Star award presented by the Academy of Magical Arts, and he earned it in the room where he learned the craft: he joined the Magic Castle's Junior Society at 13, spent two years practising around the clubhouse, and was approved to start working professionally soon after.

Still only 18, Jordan has been performing magic for over 8 years and has given hundreds of shows at the Magic Castle. His approach is professionally playful, blending skill and playfulness so the magic arrives as fun rather than a demonstration, close enough for guests to watch every move. It is built for private events and special occasions.
