

JP Parent

"Montreal comedy magic performed across languages and oceans"

Based in Montreal | Close-Up Magic | Comedy Magic | Stage Magic

Biography

JP Parent is the professional billing of Montreal magician Jean-Pierre Parent, an illusionist and comedy performer with a long international cruise and corporate career. A recent self-authored professional profile records continuing work aboard Oceania ships, while a cruise program describes shows for comedy clubs, companies and ship audiences in English, French and Spanish. Parent combines stage illusion, close-up technique, broad comedy and direct audience play, and won a Fool Us trophy with a shrinking-box presentation. Research did not locate a dependable performer-owned website or public direct booking contact, so availability should be confirmed through a current cruise or entertainment representative.
