Biography

Keelan Leyser & Charlotte Marie are a British quick-change partnership specializing in rapid costume transformation presented through dance and stage illusion. Their official act site offers corporate events, cruise ships, gala programs, specialty appearances, consultancy and quick-change products, and records championship recognition at the British Magical Championships. They appeared on the original UK season of Penn & Teller: Fool Us under the shorter billing Keelan and Charlotte. The current performer-controlled site supports ongoing international work, although it does not expose a direct public email or dependable shared home city.
