

Kevin Kapinos

"Chicago Magic Lounge close-up magician"

Based in Chicago | Close-Up Magic | Corporate Events | Mentalism

Biography

A Chicago-based specialist in close-up magic and mentalism, Kevin Kapinos is a regular performer at the acclaimed Chicago Magic Lounge, where he works both up close and on stage. He has also performed at the Magic Castle in Hollywood and Speakeasy Magick in New York City, and brings over a decade of experience to events across the country.

During cocktail hours, receptions and networking events he moves from group to group with walk-around magic that happens inches away - no microphones, no interruptions, just astonishment that becomes the room's favourite conversation. For smaller gatherings he presents a seated close-up show built on audience participation and impossible moments that unfold in guests' own hands. It suits weddings, corporate gatherings and private celebrations alike.
