

Linda Hung

"New York close-up magician and mentalist"

Close-Up Magic | Corporate Events | Mentalism | Stage Illusion

Biography

Linda Hung is a New York magician and mentalist whose speciality is social magic: close-up sleight of hand that happens inches away, and often right in a guest's own hands. Raised between Taiwan and New York, she pairs world-class sleight of hand with a bubbly, high-energy persona that turns a quiet cocktail hour into a buzzing celebration.

As a strolling magician she works the room, making guests the stars rather than the spectators, and as a mentalist she builds a sophisticated atmosphere where logic is left at the door. She has performed at corporate shows for Nordstrom, All Saints and Bank of America, and appears across Queens, Brooklyn and Manhattan at corporate events, weddings, galas, anniversaries and VIP dinners. A former HR professional, she reads a room with unusual ease.
