

Maarten Bruins

"Award-winning Dutch children's magician"

Based in Amsterdam | Close-Up Magic | Kids & Family | Stage Magic

Biography

Award-winning magician Maarten Bruins has spent more than 20 years building a professional magic show that works for younger and older children alike, and for any adults watching over their shoulders. The show is never too childish, and it holds a room of up to around 400 people.

He is most often booked in Amsterdam, Amstelveen, Haarlem, Utrecht, Den Haag and Rotterdam, and he has considerable experience performing for people with intellectual and physical disabilities. For grown-up gatherings, Maarten also works as a table magician, moving from group to group. He arrives 45 to 60 minutes ahead of every performance to set up and prepare, which makes him an easy fit for parties, school events and family celebrations.
