

Magic George

"Northern Ireland children's magician, balloon artist"

Based in Belfast | Close-Up Magic | Corporate Events | Kids & Family

Biography

Magic George performs magic shows and walkabout family entertainment across Northern Ireland, and the show is built for children: original, brimming with visual comedy, audience interaction and unsurpassable silliness.

The show lasts 50 minutes and is completely self-contained, so all a host supplies is the venue and the children. Afterwards it can be extended with 20 or 40 minutes of balloon twisting, with creations requested by the children or tailored to a theme such as pirate, princess or superhero parties, and every child receives their own balloon. It suits birthday parties, first communions, summer schemes, school and nursery shows, family events and company parties, as well as keeping the youngest guests happy at a wedding or treating a Scout Pack to something special.
