Biography

Magic Maxl is a Bavarian stage magician whose family shows turn school memories, classic effects and magic history into playful theatre. His official site documents an early start in Germany's Magic Circle, a Fool Us trophy and a substantial 2026-27 public tour through Bavarian and German theatres. Current productions include a school-themed comedy show for families and an educational journey through the history of conjuring for older children and adults. Direct phone, email and contact form support bookings, while the site does not disclose his full public name or one dependable home town.
