

Magic Mona

"Auckland children's magician and party entertainer"

Based in Auckland

Biography

After enchanting children and hosting successful events in London, Magic Mona brought her magic to New Zealand, and now works across Auckland. Her parties are built for children aged 1 to 12, filled with mesmerizing magic shows, energetic games, lively dancing and activities that spark the imagination, with face painting and balloon twisting on hand too.

Described as a bubbly, cheeky, fun skilled professional children entertainer, Mona plans as well as performs, promising a stress free party for the grown-ups and a memorable day for the birthday star. One family recalls her personalising a sixth birthday with a princess theme; another that she entertained 10 small people from the moment she walked through the door. She works birthday parties, schools, weddings, christenings and naming ceremonies.
